WORLD TOUR 2025-2026

"THE WORLD OF FAIRY TALES is a concert show featuring the greatest hits of the most famous children's movies and musicals performed by stars of the stage and screen, offering entertainment for the whole family.

This monumental production brings unique spectacle, special effects and lighting. The magical world of fairy tales comes alive right before your eyes through beautiful costumes and enchanting animation on giant LED walls."

WORLD TOUR 2025-2026

Children should be introduced to the world of music and theater at the earliest age possible in a way that speaks to them, with 21st century visual experience, dynamism and technical expertise, but without compromising on artistic value.

This thrilling production addresses the generation of the future, providing an escape from the false values often presented by today's increasingly digital world.
